

Mrs Giles's One Page Profile

I am one of three year 7 teachers, I have been at Friars since 2007—13 years! My favourite subjects to teach at Friars are History and Geography, although I do teach English, Maths, Science, Ethics, and Life-Skills as well.

About me:

When I was at school my favourite subjects were Maths and Geography. When I was at school I used to find spelling really difficult, I still do!

Before I began teaching, I lived in Southampton and worked for the police. If I wasn't a teacher I would have liked to be a Psychologist. I love finding out how the human brain works.

My favourite animals are dogs, I would love one but have to settle for walking my friends' dogs.

I love the colour Purple. It is a fun colour.

What's important to me:

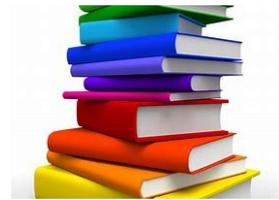

My Family; my Husband and my children— a boy and a girl.

Chocolate— makes anything and everything better!

Books—I love to read different stories but also books with facts in. Reading helps me to calm down when I am nervous.

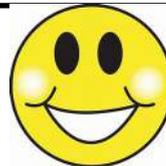

My garden—I like to spend time in the sun and fresh air. I have also started to grow some vegetables. I am also in the process of making a new patio. I feel very relaxed in my garden and like it when I have accomplished something.

Holiday time— I love to visit historical places. My Children say I am boring!

Quick fire questions:

Favourite food: Peppers—Have to be roasted :)

Favourite drink: Orange squash, I don't like coffee.

Favourite place you have visited: Italy, love the history.

Where would you like to go: Seychelles or Thailand. (I can only dream!)

Something I have always wanted to do? - I always wanted to go in a small plane or helicopter. For my birthday my family bought me a trip in both! So I was very happy and very lucky.
