

# Ethics Learning Journey

At Friars Academy, Ethics enables us to understand what we believe, which in turn allows us to appreciate and respect what others believe. It gives us insight into our faith of origin as well as those beliefs with which we might be less familiar, thereby increasing interfaith awareness and our understanding and respect for others and their ways of life.

## Understanding and Applying Key Skills

Y7

Different beliefs and practices

How are different religious beliefs practised?

Symbolism of different religious practises
