

# Forest School kit list:

What your child wears to Forest School will, of course, depend on the weather.

Forest School will continue in all weathers (excluding thunderstorms and gale force winds).

## **Kit list:**

- 🍃 Waterproof coat
- 🍃 Waterproof trousers
- 🍃 Wellies or sturdy, closed toe walking shoes or boots (ideally waterproof)
- 🍃 Hat (winter and summer)
- 🍃 Gloves (for warmth and for protection)
- 🍃 Warm jumper/fleece
- 🍃 A water bottle

Ideally, participants should also have:

- 🍃 Warm socks
- 🍃 A change of clothes

Students can get changed for Forest School, but many simply put waterproofs over their school uniform for ease – in this instance, it is helpful if they have a spare uniform as their change of clothes. If you do not wish for your child to do this, they will need a change of clothes.

Now that we have every child in the school attending Forest School, it would be helpful if as many students as possible have their own kit.

The school does have waterproof trousers and jackets for student use, if they cannot provide their own. Walking boots/wellies can also be provided.

If children cannot provide appropriate footwear and waterproofs, they will be expected to use that provided by the school.
